## Intro

This document has been produced to aim to act as a large contents page in which you can find what sections of our website encompasses which Protected Characteristics as well as a brief description of the content you can find on that page.

## Age

- [Alcohol](#)
  - Provides tables broken down by age and sex. Furthermore, it shows the disability benefit claim for alcoholism and drinking during pregnancy
- [Armed Services](#)
  - Provides tables broken down by age, sex and disabilities
- [Asthma](#)
  - Gives information for children, adults and over 75s
- [Autism](#)
  - Provides tables broken down by age, sex and disabilities
- [BAME Groups](#)
  - Provides tables broken down by age, sex, disability, race and religion and belief
- [Cancer](#)
  - Provides tables on age and sexes as some cancers are sex specific
- [Cardiovascular Disease](#)
  - Mentions the effects on life expectancy for each sex. Gives information on possible consequences of CVD such as strokes and the effects of smoking during pregnancy
- [Carers](#)
  - Provides tables of information broken down by age, sex, and race. Gives information of whether the carer cares for somebody with a disability
- [Child & Family Poverty](#)
  - Breaks information down by children and adults
- [Child Health Profile](#)
  - Provides information on live births and children within Wirral
- [Children & Young People](#)
  - Provides tables of information on children broken down by age, sex, disability and race at birth

- [Chronic Kidney Disease](#)
  - Provides information broken down by age bands only
- [Chronic Obstructive Pulmonary Disease](#)
  - Information is broken down by age bands, sex and race
- [Climate & Health](#)
  - Information is broken down by age bands and sex
- [Community & Safety](#)
  - Provides a lot of information covering a lot of the 9 protected characteristics - number of tables broken down by age, sex and disability. Furthermore, provides information for race, religion and belief and sexual orientation
- [Dementia](#)
  - Information is broken down by age, sex and disability throughout the topic. Information on race is also provided in the document
- [Dental](#)
  - Information is separated by children and adults only
- [Depression](#)
  - Information is separated by children and adults only
- [Diabetes](#)
  - Information is broken down into tables based on age and sex. Race is also mentioned throughout the supporting documents
- [Disease Profiles](#)
  - Contains a number of profiles which break down information into age, sex, disabilities and race with information spanning from pregnancy
- [Domestic Abuse & Domestic Violence](#)
  - Information is broken into tables by age, sex and race
- [Drug Misuse](#)
  - Information is provided on drug misuses by age and sex. Furthermore, drug misuse at pregnancy is also mentioned throughout the supporting documents
- [Early Years & Maternity](#)
  - Provides tables of information broken down by age and sex. The main content of this topic is about pregnancy and maternity

- [End of Life](#)
  - Provides information on the older population only
- [Epilepsy](#)
  - Provides tables broken down by age and sex. The main content of this topic is about disability
- [Excess Winter Deaths](#)
  - Provides information on older people only and broken down by sex
- [Eye Health \(Adult\)](#)
  - This section contains a lot of content on the 9 protected characteristics - it is based on adults only with tables broken down by sex. Information is also provided throughout based on disabilities, births and race
- [Eye Health \(Children & Young People\)](#)
  - This section contains a lot of content on the 9 protected characteristics - it is based on children only with tables broken down by sex. Information is also provided throughout based on disabilities, births and race
- [Falls \(Older People\)](#)
  - The content here mainly focuses on older people broken down by sex
- [Health and Climate](#)
  - Provides information broken down by age and sex
- [Health and Wellbeing](#)
  - Information is broken down into tables based on age and sex. Also provides information on those with disabilities
- [Health and Social Care Outcomes Framework](#)
  - The framework is broken down into Adult social care, Health education, NHS and Public health. These have information based on age, disability and pregnancy and maternity
- [Health and the High Street](#)
  - Provides information in tables broken down by age and sex
- [Health Equity Audits](#)
  - Provides information in tables broken down by age and sex
- [Health Inequalities](#)
  - Provides information in tables broken down by age and sex
- [Health Inequalities: Marmot Indicators](#)
  - Provides information in tables broken down by age and sex

- [Health Protection](#)
  - Information is provided through tables on specific age bands and sex. Pregnancy and maternity is also mentioned as a form of health protection
- [Hearing Impairment \(Children and Young People\)](#)
  - Specific information to children only and levels of hearing disabilities
- [Hearing Impairment \(General\)](#)
  - Information provided broken down by age bands and levels of hearing disability
- [Heart Disease](#)
  - This topic only breaks information down by different age bands
- [High Blood Pressure](#)
  - Provides information broken down by age bands, disability and race
- [Homelessness](#)
  - Provides tables of information broken down by age, sex and disability
- [Housing](#)
  - Provides tables of information broken down by age, sex and disability
- [Kidney Disease](#)
  - Provides tables of information broken down by age and disability
- [Learning Disabilities](#)
  - Provides information of those with learning disabilities broken down by age, sex and race
- [Lesbian, Gay, Bisexual & Transgender](#)
  - Provides information broken down by age and sex. Also shows information on sexual orientation and gender reassignment
- [Life Expectancy](#)
  - Information is provided via age, sex from birth. Also can show disability free life expectancy
- [Liver Disease](#)
  - Tables broken down by age brackets to provide information
- [Mental Health](#)
  - Provides information on sufferers of mental health broken down by age and sex. Also gives information on those with disabilities and mental health problems and as a result of giving birth

- [Mortality](#)
  - Provides information broken down by age and sex. Furthermore, shows mortality rates at birth
- [Obesity](#)
  - Provides information on adults only broken down by sex
- [Older People](#)
  - Provides tables broken down by age, sex and disabilities. Also provides information on marriages, divorces and widows
- [People with a Long Term Condition](#)
  - Provides tables broken down by age, sex and disabilities
- [Physical Activity](#)
  - Breaks information down into age and sex on the hours of physical activity a week
- [Pregnancy & Maternity](#)
  - Breaks information down into age and sex
- [Respiratory](#)
  - Similar to 'Asthma' - breaks information down by children, adults and over 75s
- [Sexual Health](#)
  - Provides information broken down by age and gender
- [Social Care \(Adult\)](#)
  - Provides information on adults only highlighting care required for those with disabilities
- [Social Isolation and Loneliness](#)
  - Provides information on older people and social isolation and loneliness
- [Sport](#)
  - Breaks sport down to children and adults and gives information on numbers of disabled people taking part in sports
- [Suicide](#)
  - Provides information broken down into tables by age, sex and ethnicity. This content also gives information on marriages, divorces and widowed
- [Tobacco](#)
  - Provides information of users and prevalence by age and sex whilst also giving information on smoking during pregnancy

- [Transport](#)
  - Provides information on usage broken down by age, sex and disabilities
- [Violence](#)
  - Provides information of injuries from assaults broken down by age and sex. Also provides information of victims broken down by ethnicity

## Disability

- [Alcohol](#)
  - Provides tables broken down by age and sex. Furthermore, it shows the disability benefit claim for alcoholism and drinking during pregnancy
- [Armed Services](#)
  - Provides tables broken down by age, sex and disabilities
- [Autism](#)
  - Provides tables broken down by age, sex and disabilities
- [BAME Groups](#)
  - Provides tables broken down by age, sex, disability, race and religion and belief
- [Cardiovascular Disease](#)
  - Mentions the effects on life expectancy for each sex. Gives information on possible consequences of CVD such as strokes and the effects of smoking during pregnancy
- [Carers](#)
  - Provides tables of information broken down by age, sex, and race. Gives information of whether the carer cares for somebody with a disability
- [Children and Young People](#)
  - Provides tables of information on children broken down by age, sex, disability and race at birth
- [Community Safety](#)
  - Provides a lot of information covering a lot of the 9 protected characteristics - number of tables broken down by age, sex and disability. Furthermore, provides information for race, religion and belief and sexual orientation
- [Dementia](#)
  - Information is broken down by age, sex and disability throughout the topic. Information on race is also provided in the document

- [Disease Profiles](#)
  - Contains a number of profiles which break down information into age, sex, disabilities and race with information spanning from pregnancy
- [Epilepsy](#)
  - Provides tables broken down by age and sex. The main content of this topic is about disability
- [Eye Health \(Adult\)](#)
  - This section contains a lot of content on the 9 protected characteristics - it is based on adults only with tables broken down by sex. Information is also provided throughout based on disabilities, births and race
- [Eye Health \(Children & Young People\)](#)
  - This section contains a lot of content on the 9 protected characteristics - it is based on children only with tables broken down by sex. Information is also provided throughout based on disabilities, births and race
- [Health & Wellbeing](#)
  - Information is broken down into tables based on age and sex. Also provides information on those with disabilities
- [Health & Social Care Outcomes Framework](#)
  - The framework is broken down into Adult social care, Health education, NHS and Public health. These have information based on age, disability and pregnancy and maternity
- [Hearing Impairment \(Children and Young People\)](#)
  - Specific information to children only and levels of hearing disabilities
- [Hearing Impairment \(General\)](#)
  - Information provided broken down by age bands and levels of hearing disability
- [High Blood Pressure](#)
  - Provides information broken down by age bands, disability and race
- [Homelessness](#)
  - Provides tables of information broken down by age, sex and disability
- [Housing](#)
  - Provides tables of information broken down by age, sex and disability
- [Learning Disabilities](#)
  - Provides information of those with learning disabilities broken down by age, sex and race

- [Life Expectancy](#)
  - Information is provided via age, sex from birth. Also can show disability free life expectancy.
- [Mental Health](#)
  - Provides information on sufferers of mental health broken down by age and sex. Also gives information on those with disabilities and mental health problems and as a result of giving birth
- [Offenders](#)
  - Provides tables of offenders based upon sex of the person. Furthermore, highlights information of victims and whether they have a disability or not
- [Older People](#)
  - Provides tables broken down by age, sex and disabilities. Also provides information on marriages, divorces and widows.
- [People with a Long-Term Condition](#)
  - Provides tables broken down by age, sex and disabilities
- [Social Care \(Adult\)](#)
  - Provides information on adults only highlighting care required for those with disabilities
- [Sport](#)
  - Breaks sport down to children and adults and gives information on numbers of disabled people taking part in sports
- [Stroke](#)
  - Provides information on whether there is any significant disability after a person has experienced a stroke
- [Transport](#)
  - Provides information on usage broken down by age, sex and disabilities

## Gender Reassignment

- [Lesbian, Gay, Bisexual and Transgender](#)
  - Provides information broken down by age and sex. Also shows information on sexual orientation and gender reassignment

## Marriage and Civil Partnership

- [Older People](#)
  - Provides tables broken down by age, sex and disabilities. Also provides information on marriages, divorces and widows

- [Suicide](#)
  - Provides information broken down into tables by age, sex and ethnicity. This content also gives information on marriages, divorces and widows and their relationship to suicide

## Pregnancy and Maternity

- [Alcohol](#)
  - Provides tables broken down by age and sex. Furthermore, it shows the disability benefit claim for alcoholism and drinking during pregnancy
- [Breastfeeding](#)
  - Mainly focuses on pregnancy and maternity with a high focus on the female population
- [Cardiovascular Disease](#)
  - Mentions the effects on life expectancy for each sex. Gives information on possible consequences of CVD such as strokes and the effects of smoking during pregnancy
- [Child Health Profile](#)
  - Provides information on live births and children within Wirral
- [Children and Young People](#)
  - Provides tables of information on children broken down by age, sex, disability and race at birth
- [Disease Profiles](#)
  - Contains a number of profiles which break down information into age, sex, disabilities and race with information spanning from pregnancy
- [Drug Misuse](#)
  - Information is provided on drug misuses by age and sex. Furthermore, drug misuse at pregnancy is also mentioned throughout the supporting documents
- [Early Years & Maternity](#)
  - Provides tables of information broken down by age and sex. The main content of this topic is about pregnancy and maternity
- [Eye Health \(Adult\)](#)
  - This section contains a lot of content on the 9 protected characteristics - it is based on adults only with tables broken down by sex. Information is also provided throughout based on disabilities, births and race
- [Eye Health \(Children and Young People\)](#)
  - This section contains a lot of content on the 9 protected characteristics - it is based on children only with tables broken down by sex. Information is also provided throughout based on disabilities, births and race

- [Health and Social Care Outcomes Framework](#)
  - The framework is broken down into Adult social care, Health education, NHS and Public health. These have information based on age, disability and pregnancy and maternity
- [Health Protection](#)
  - Information is provided through tables on specific age bands and sex. Pregnancy and maternity is also mentioned as a form of health protection
- [Life Expectancy](#)
  - Information is provided via age, sex from birth. Also can show disability free life expectancy
- [Mental Health](#)
  - Provides information on sufferers of mental health broken down by age and sex. Also gives information on those with disabilities and mental health problems and as a result of giving birth
- [Mortality](#)
  - Provides information broken down by age and sex. Furthermore, shows mortality rates at birth
- [Pregnancy and Maternity](#)
  - Breaks information down into age and sex
- [Sexual Health](#)
  - Provides information broken down by age and gender
- [Tobacco](#)
  - Provides information of users and prevalence by age and sex whilst also giving information on smoking during pregnancy

## Race

- [BAME Groups](#)
  - Provides tables broken down by age, sex, disability, race and religion and belief
- [Carers](#)
  - Provides tables of information broken down by age, sex, and race. Gives information of whether the carer cares for somebody with a disability
- [Children & Young People](#)
  - Provides tables of information on children broken down by age, sex, disability and race at birth
- [Chronic Obstructive Pulmonary Disease](#)
  - Information is broken down by age bands, sex and race

- [Community Safety](#)
  - Provides a lot of information covering a lot of the 9 protected characteristics - number of tables broken down by age, sex and disability. Furthermore, provides information for race, religion and belief and sexual orientation
- [Dementia](#)
  - Information is broken down by age, sex and disability throughout the topic. Information on race is also provided in the document
- [Diabetes](#)
  - Information is broken down into tables based on age and sex. Race is also mentioned throughout the supporting documents
- [Disease Profiles](#)
  - Contains a number of profiles which break down information into age, sex, disabilities and race with information spanning from pregnancy
- [Domestic Abuse and Domestic Violence](#)
  - Information is broken into tables by age, sex and race
- [Eye Health \(Adult\)](#)
  - This section contains a lot of content on the 9 protected characteristics - it is based on adults only with tables broken down by sex. Information is also provided throughout based on disabilities, births and race
- [Eye Health \(Children & Young People\)](#)
  - This section contains a lot of content on the 9 protected characteristics - it is based on children only with tables broken down by sex. Information is also provided throughout based on disabilities, births and race
- [High Blood Pressure](#)
  - Provides information broken down by age bands, disability and race
- [Learning Disabilities](#)
  - Provides information of those with learning disabilities broken down by age, sex and race
- [Mental Health](#)
  - Provides information on sufferers of mental health broken down by age and sex. Also gives information on those with disabilities and mental health problems and as a result of giving birth
- [Suicide](#)
  - Provides information broken down into tables by age, sex and ethnicity. This content also gives information on marriages, divorces and widowed

- [Violence](#)
  - Provides information of injuries from assaults broken down by age and sex. Also provides information of victims broken down by ethnicity

## Religion and Belief

- [BAME Groups](#)
  - Provides tables broken down by age, sex, disability, race and religion and belief
- [Community Safety](#)
  - Provides a lot of information covering a lot of the 9 protected characteristics - number of tables broken down by age, sex and disability. Furthermore, provides information for race, religion and belief and sexual orientation

## Sex

- [Alcohol](#)
  - Provides tables broken down by age and sex. Furthermore, it shows the disability benefit claim for alcoholism and drinking during pregnancy
- [Armed Service Veterans](#)
  - Provides tables broken down by age, sex and disabilities
- [Autism](#)
  - Provides tables broken down by age, sex and disabilities
- [BAME Groups](#)
  - Provides tables broken down by age, sex, disability, race and religion and belief
- [Breastfeeding](#)
  - Mainly focuses on pregnancy and maternity with a high focus on the female population
- [Cancer](#)
  - Provides tables on age and sexes as some cancers are sex specific
- [Cardiovascular Disease](#)
  - Mentions the effects on life expectancy for each sex. Gives information on possible consequences of CVD such as strokes and the effects of smoking during pregnancy
- [Carers](#)
  - Provides tables of information broken down by age, sex, and race. Gives information of whether the carer cares for somebody with a disability

- [Children and Young People](#)
  - Provides tables of information on children broken down by age, sex, disability and race at birth
- [Chronic Obstructive Pulmonary Disease](#)
  - Information is broken down by age bands, sex and race
- [Climate & Health](#)
  - Information is broken down by age bands and sex
- [Community Safety](#)
  - Provides a lot of information covering a lot of the 9 protected characteristics - number of tables broken down by age, sex and disability. Furthermore, provides information for race, religion and belief and sexual orientation
